PRICE LIST NO. 10

FALL CATALOG EDITION

**July 26,
1918**

**All Prices Quoted are Subject
to Change Without Notice**

We send out only Seeds that will, to the best of our belief, give satisfaction, but as there are so many conditions affecting the growth and yield of crops, we give no warranty, express or implied, as to description, productiveness, or any other matter of any seeds we send out, nor will we be responsible for the crop. If the purchaser does not accept the goods on these conditions, they are to be returned at once.

When you receive your shipment, look at the Seed, and if you think they are not what you ordered, or they do not suit you, return same to us at once, advising us that you have done so, and when goods are received, your money will be cheerfully refunded. If you refuse shipment, you should ADVISE US IMMEDIATELY, otherwise we cannot entertain claim.

POULTRY SUPPLIES

Write for special list quoting on all sorts of poultry feed, remedies, tonics, egg cases, etc.

QUANTITY

OR

CLUB ORDERS

In quoting prices, we have always based our prices on the quantity of seed purchased, because it costs as much, or more, to handle and sack one pound as it does ten pounds, and although the price quoted per single pound may be several cents higher than the price per pound on larger quantities, our profit is no more.

In any line of business, quantity production brings about low prices.

In this price list, we quote on such quantities as we believe the average farmer will be in need of, but should you be in the market for a larger quantity of seeds than the largest quantity named in price list, write us, stating the quantity of each variety desired, and we will be glad to quote you our lowest prices, based on such quantities.

CLUB ORDERS

In order to avail yourself of quantity prices, you and your neighbors get together and make up a list of what each one will require, then lump the order, letting one member of the Club make the order in his name. To do this, you will ALL SAVE MONEY.
